

LYSANDER

TRANSFORMATIONAL LEADER **PART TWO**

- Follows Transformational Leader: Part One
- 3 x Workshops
- 4 x Digital Modules
- 3-4 x Months

Building on Part 1, Leaders develop skills, enabling them to provide clarity, direction, and confident communication within their teams. They will gain tools to inspire and motivate their teams for greater success, while also cultivating an inclusive workplace culture through coaching techniques. Additionally, leaders develop skills to support their employees for both short and long-term performance, fostering growth and development. Throughout the transformative journey, leaders will explore change's impact on themselves and their teams, learning to guide and inspire through it. This progress culminates in becoming inspirational and transformational leaders with the ability to drive tangible change and achieve their visions, anchored by action planning and continuous growth.

Participants must complete Transformational Leader: Part One before commencing Part Two.

OUTCOMES

- Confidence to create clarity, set clear direction and have managerial courage
- Cultivation of coaching culture and development
- Supportive Leadership for Employee Thriving
- Ability to lead change and transformation and achieve commitment to implementation
